| Age of patient       | 34                 | Patient gender | f | Setting | Emergency department |
| Patient's problem(s) | Acute appendicitis |                |   |         |                      |

|                                | Below<br>expected level  | At<br>expected level  | Above<br>expected level  |
|--------------------------------|--|---|--|
| <b>Clinical record keeping</b> | <input type="checkbox"/> 1 <input type="checkbox"/> 2 <input type="checkbox"/> 3 | <input checked="" type="checkbox"/> 4 <input type="checkbox"/> 5 <input type="checkbox"/> 6 | <input type="checkbox"/> 7 <input type="checkbox"/> 8 <input type="checkbox"/> 9 |
| <b>Clinical assessment</b>     | <input type="checkbox"/> 1 <input type="checkbox"/> 2 <input type="checkbox"/> 3 | <input checked="" type="checkbox"/> 4 <input type="checkbox"/> 5 <input type="checkbox"/> 6 | <input type="checkbox"/> 7 <input type="checkbox"/> 8 <input type="checkbox"/> 9 |
| <b>Clinical assessment</b>     | <input type="checkbox"/> 1 <input type="checkbox"/> 2 <input type="checkbox"/> 3 | <input type="checkbox"/> 4 <input checked="" type="checkbox"/> 5 <input type="checkbox"/> 6 | <input type="checkbox"/> 7 <input type="checkbox"/> 8 <input type="checkbox"/> 9 |
| <b>Management plan</b>         | <input type="checkbox"/> 1 <input type="checkbox"/> 2 <input type="checkbox"/> 3 | <input type="checkbox"/> 4 <input checked="" type="checkbox"/> 5 <input type="checkbox"/> 6 | <input type="checkbox"/> 7 <input type="checkbox"/> 8 <input type="checkbox"/> 9 |
| <b>Clinical reasoning</b>      | <input type="checkbox"/> 1 <input type="checkbox"/> 2 <input type="checkbox"/> 3 | <input type="checkbox"/> 4 <input checked="" type="checkbox"/> 5 <input type="checkbox"/> 6 | <input type="checkbox"/> 7 <input type="checkbox"/> 8 <input type="checkbox"/> 9 |

Please rate the overall level of performance relative to that expected at PGY1 level.

|                      |  |   |  |
|----------------------|--|---|--|
| <b>Global rating</b> | <input type="checkbox"/> 1 <input type="checkbox"/> 2 <input type="checkbox"/> 3 | <input type="checkbox"/> 4 <input checked="" type="checkbox"/> 5 <input type="checkbox"/> 6 | <input type="checkbox"/> 7 <input type="checkbox"/> 8 <input type="checkbox"/> 9 |
|----------------------|--|---|--|

Please describe what was effective, what could be improved and your overall impression. Must be completed.

The tachycardia was underplayed; a patient like this, with a heart rate of 130, sepsis or bleeding should be considered.

The candidate covered the ectopic pregnancy and discussed appendicitis well.

I would have liked to see a detailed sexual and menstrual history, taking into account the possibility of sexually transmitted diseases and pelvic inflammatory disease in the differential diagnosis.

A speculum examination was warranted but not done.

A CT scan should be done only after ruling out pregnancy in a young female in the reproductive age group, consider USS.

Always write the time line in the case records so that every body can understand when some thing was planned and when it was done.

Also take detailed history and document long-term issues for management.
