

Entrustable Professional Activity (EPA) Assessment form

EPA 1: Clinical Assessment

Note: This form has been altered to better support paper-based trialling of EPA assessments in 2023 and 2024. This form will be translated into an online version prior to implementation of an e-portfolio. Most of the details in the form will be prepopulated in the e-portfolio or entered by the prevocational doctor.

The purpose of this form is to provide feedback to the prevocational doctor on their performance of an EPA to support their learning and to support assessment review panel decisions about satisfactory completion of PGY1 (the point of general registration) or PGY2. EPAs assessed throughout PGY1 and PGY2 should represent a breadth of experience and a range of task complexities. There is an expectation that there is an increase in the level of complexity of cases across the year and two-year program.
